Research Steps	Provider	Name	Address	Pin	Street Imagery	Coordinates	How to get source URL

POI data research steps:
 	
• Check **official sources**. Official sources will always be considered the 'absolute truth'
• When official sources don't exist or don't have useful info, please check the 4 providers below in the **Specified Order**:
  1. Baidu
  2. Tencent
    a. Switch city and/or click on map around ideal result area
    b. Search with ideal result name
  3. Dianping
  4. Tianditu
• Once **ANY TWO** sources are aligned, take it as the ground truth and rate the data based on it
• If no matching resources can be found, rate **Can't Verify**
• When comparing result data with any data source, refer to global GL for the judgement logic.
	Baidu Map	Yes				N/A	

	Tencent Map(Tool)	Yes		No			Paste name/address in comments. No need to provide URL.
	Dianping	Yes		N/A			
	Tianditu	Yes		N/A			

Example 1:

Dianping: http://www.dianping.com/shop/14952991
Rate address accuracy as Correct as it can be confirmed by the 2 aligned sources Tencent and Dianping

Source	Name	Address	Notes for Name	Notes for Address
Official website	n/a		Official website is not available	Official website is not available
Baidu	友谊大厦	逍遥津街道阜阳路 51 号	Equivalent to result name by global GL 6.2. Name will be Correct if we get one more aligned source.	Street 阜"阳"路 does not match 阜"南"路
Tencent	友谊大厦(阜南路)	安徽省合肥市庐阳区阜南路 51 号	Name is **Correct** because Baidu and Tencent are aligned.	(阜南路) and 逍遥津街道 are extra components. Both can be disregarded as long as they are not incorrect
Dianping	友谊大厦	阜南路 51 号	n/a	Extremely short but can still be considered a match to Tencent's address.

Example 2:

2. 广州深海软件股份有限公司

Address	中国广东省广州市天河区黄埔大道中309号羊城创意产业园3-08栋2层
Classification	公司企业
Distance to User	0.556 km
Lat, Lng	23.119736, 113.383081

Rate address accuracy as Can't Verify as result address is more specific than current sources and there are no 2 sources that are aligned

	Name	Address	Notes for Name	Notes for Address
Official website	广州深海软件股份有限公司	广州市天河区黄埔大道中 309 号羊城创意产业园 3-08 栋	Name matches with result. Correct.	Official address is less specific than result address as it is missing the floor number. It is not sufficient, so we refer to additional resources to reach a consensus
Baidu	广州深海软件股份有限公司	广东省广州市天河区黄埔大道中 309 号羊城创意产业园 3-08 栋	n/a	Baidu's address is also missing the floor number
Tencent	广州深海软件发展有限公司	广东省广州市天河区黄埔大道中 309 号羊城创意产业园 3-08 栋 2 楼	n/a	Tencent's address matches our result address
